## ***General Description***

### **Policy Summary:**

This policy ensures that recruitment activities are conducted within the allocated budget, promoting fiscal responsibility and transparency.

### **Purpose:**

The purpose of this policy is to establish clear guidelines for allowable expenses and reimbursement procedures associated with the recruitment of full-time faculty and staff positions. This ensures that the recruitment process is conducted consistently, efficiently, and in a fiscally responsible manner, while also maintaining transparency and compliance with Trinity standards.

### **Scope:**

This policy applies to all full-time faculty and staff positions

### **Exceptions:**

If any exceptions are needed, these are made with the approval of Human Resources.

### **Responsible Department:**

## ***Policy Content***

**① Recruiting expenses and payment procedures are outlined below. Please ensure**

**that all staff involved with recruitment are familiar with these guidelines. Any questions may be directed to the Human Resources Office.**

### **Expenses Covered**

Generally, only expenses for job postings and those incurred for the candidate's transportation, lodging, and meals will be paid from the recruitment fund. Any special forms of entertainment, special events, or receptions involving the candidate, students and/or entire departments should be limited and must be funded from other sources. Reimbursement will not be made for mileage or the use of a personal or rental vehicle by a candidate who resides in San Antonio.

### **Transportation**

All transportation costs involved in the round trip between the candidate's home and Trinity will be covered, ( i.e., air fare, rideshare services, taxi cab, shuttle services, airport parking fees). Reimbursement will be made for the use of a personal vehicle at the rate of of the active IRS per mile for the calendar year. Google maps should be included as supporting documentation in the Workday expense report.

As in Trinity's travel policy, airfare is restricted to tourist or coach class. The original invoice or receipt showing flight schedule and cost should be attached to the Purchasing Card (P-Card) or out of pocket expense report Every attempt should be made to obtain the least expensive airfare (this includes going online and checking airfares), which may mean traveling on certain days of the week or times of day.

## **② Lodging**

### **University Guest Apartments**

The first source of lodging is one of the two university guest apartments which can be reserved on T-Space by searching "apartment" in the search bar. Please do not assume the reservation is made until you receive a confirmation from T-Space

### **Hotels**

If a university apartment is not available for the candidate's visit, please select a hotel that is reasonable and close to campus.

Trinity will not pay for movies, phone calls, alcohol, or personal expenses in the hotel. Please explain to the candidate in advance that they will need to take care of these personal expenses

prior to checking out. This should also be explained to the reservations clerk at the hotel when making reservations, emphasizing that Trinity will not pay for these charges. Should these expenses appear on Trinity's final billing, the department's cost center will be charged for these items only. It will then be the department's responsibility to obtain a reimbursement from the candidate. Also, remind the hotel at that time that Trinity is "tax exempt" (this means Trinity does not pay the state tax, but does pay the city and county taxes).

### ③ Meals

Luncheons and dinners with candidates are important times in the interview process when the department get to know the candidate better and the candidate learns more about Trinity. These meals should only include people involved in the interview process and should be limited to approximately four individuals. There are obvious exceptions to this, particularly at lunch when students may be involved.

#### **Important**

Advise the host in Skyline that the luncheon is **OFFICIAL UNIVERSITY BUSINESS**. No tax will then be charged. Removal of the tax is not possible after billing is sent to Human Resources. .

The selection of restaurants and the cost of meals should be kept in the moderate range. A \$12 breakfast, \$15 lunch and a \$30 dinner would be appropriate. Meal expenses for spouses are not reimbursed under recruiting. The department's cost center must cover this expense if needed.

### ④ P-Cards

The P-Card receipts are to be uploaded in Workday and charged to the recruiting cost center (1263CC Recruitment). The receipts should state what the expense is for.

Please indicate the candidate's name, position, and the names of others attending. If the names would not be known to Human Resources, please identify (e.g., students).
