Policy Content

General

Trinity University's rules concerning everyday employee conduct and job performance are simple, common-sense guidelines that are necessary to ensure that all staff employees can work in an orderly, efficient, and economical manner that is free from disturbances that hinder job training, job production, and job enjoyment. It is the full responsibility of each employee to know what University and departmental rules and regulations exist and to observe them at all times.

Classifications of Rules

Rules are grouped so that corrective action can be consistently administered. Rules are not restricted to those listed because some rules are covered by specific departmental regulations, which the supervisor will discuss. Employees are required to know and understand what these other regulations entail as well as the general conduct and job performance rules listed here. Additionally, this listing is not exhaustive, and the University retains the right to take disciplinary action for conduct not listed herein.
