

## International Travel Policy

**Document Number:** RISK-0006

**Date Published(sys):** 3/18/2025

---

### *General Description*

#### **Policy Summary:**

The safety of faculty, staff and students on University-sponsored trips is the University's first priority. As a result, travel to any country under a U.S. Department of State and CDC Travel Advisory Level 3 or 4, or an OFAC Sanction Program is restricted. There may not be insurance coverage available through the University's insurance carriers under these circumstances, and evacuation efforts may be hindered or prohibited.

#### **Purpose:**

As a result, international travel plans must be evaluated and receive International Travel Committee approval prior to travel. The International Travel Committee is comprised of representatives from Admissions, Center for International Engagement, Risk Management, and Study Abroad, with final approval by Academic Affairs.

#### **Scope:**

All international travel for University business is covered by this policy.

#### **Exceptions:**

None.
