Reason(s) for the Policy

This policy ensures commercial enterprises operating on the Trinity campus contribute to the quality of student life and advance the mission of the University. The University is committed to experiential learning, and this policy distinguishes commercial enterprises run by students learning through experience from non-student commercial enterprises.

Except as otherwise permitted by this Policy, commercial enterprises are not permitted to conduct any business activities, including but not limited to solicitation and promotion, at Trinity without advanced written approval from the Vice President for Finance and Administration or designee.

Campus departments or offices may host commercial enterprises for single events or programs on campus if:

• the business activity aligns with the purposes of the hosting department or office;
• the hosting department or office ensures the commercial enterprise complies with all relevant Trinity policies and procedures, particularly those set forth by Risk Management; and
• a representative of the hosting department or office closely monitors and is accountable for the on-campus business activities of the commercial enterprise.
No commercial enterprise may use Trinity's branding elements or otherwise suggest an affiliation with the University without written approval from the President or designee.

Recognized student-run commercial enterprises may engage in business activities on campus, subject to the following restrictions:

- Recognized student-run commercial enterprises must comply with all University policies and procedures, including but not limited to those related to business operation; posting, promotions, and solicitations; and facility reservation and use.
- Recognized student-run commercial enterprises must comply with all restrictions and directives of the Department of Entrepreneurship. Recognized student-run commercial enterprises must remain in compliance with all federal, state, and local requirements, laws, regulations, and ordinances.
- Trinity University neither endorses nor serves as a guarantor for individual recognized student-run commercial enterprises.
- No recognized student-run commercial enterprise may use Trinity's branding elements or otherwise suggest an affiliation with the University without written approval from the President or designee.
- Door-to-door sales and solicitations are prohibited in the residence halls. Requests for exceptions should be made to the Director of Residential Life.
