University Standards

1. On campus, only beer and wine are permitted, and only in designated residential areas by those of legal age. All hard alcohol is prohibited regardless of the age of the student. Approved beverages may be served in the Skyline Room to any students, faculty, staff, and their guests of legal age. Because some alcoholic beverages are not clearly categorized as beer, wine, or hard alcohol, the following is provided for clarification.

   • 100% fermented alcoholic beverages (generally available in Texas grocery stores), including ales (such as Bass Pale Ale) and malt beverages (such as Mikes’ Hard Lemonade, Smirnoff Ice, Colt 45), are permitted.
   • Champagne is considered the same as wine.
   • Beverages that comprise distilled alcohol (liquors and liqueurs, such as Kahlua) and fortified wines (such as MD 20/20, Thunderbird) are prohibited.
   • Throughout the remainder of this policy the prohibited items will be referred to as “hard” alcohol.

2. When a student contacts University officials or other helping professionals out of concern for another student's health and safety none of the students present (including the intoxicated student) will be considered for alcohol policy violations for that specific incident. (Note that when hazing may have occurred, State law requires that such incidents be reported.)

3. Persons or organizations that furnish alcoholic beverages to underage students or visitors will be subject to Trinity adjudicative action and/or criminal prosecution for violation of state laws.

4. Any act that causes others to involuntarily or unknowingly consume alcohol is prohibited.
5. Public intoxication is prohibited. Generally a person is considered intoxicated if that person has consumed alcohol and is disrupting or disrespecting others, or potentially poses harm to his or herself or others.
6. The Board of Campus Publications will have the authority to determine policy regarding alcohol advertising in the *Trinitonian*.
7. Parents/guardians or spouses of students may not serve alcohol to underage students on campus or at official Trinity University events off campus.

- “Hard” alcohol is prohibited, regardless of the age of the student.
- No alcohol may be provided from common source containers, including but not limited to kegs.

2. Alcohol is not permitted in designated substance-free floors.
3. Alcohol use is prohibited in any public area, including but not limited to balconies, corridors, and lounge space. *Note: for policies regarding alcohol consumption or possession in public spaces at the City Vista Apartment, please see the City Vista Apartments Policy Addendum*
4. The possession of alcohol containers is prohibited in all first-year halls and all upperclass rooms where neither resident is of legal age. Since neither are permitted regardless of age, empty “hard” alcohol containers (decorative or otherwise), and common-source containers such as kegs, are likewise prohibited in any residence hall location.
