

Pedestrian Priority Zone (PPZ) Map

The Pedestrian Priority Zone (PPZ) reflects Trinity University's commitment to creating a safer, more walkable campus by prioritizing pedestrian access in the highest-traffic areas of North Campus. On the routes shown in red, pedestrians have priority over all other modes of transportation, except during emergencies. By reducing vehicle congestion and enhancing the pedestrian environment, the PPZ supports a safer, more accessible, and welcoming campus experience for students, faculty, staff, and visitors.
